- Copy
- Select All
- Search Google for "13110066@studen..."
- View Selection Source
- Inspect Element (Q)

1. Blok alamat email yang ada
2. Klik kiri lalu seret hingga baris terakhir
3. Seperti terlihat pada gambar dibawah
4. Klik Kanan → pilih Copy
5. Lalu di paste di email

Kirim email

The screenshot shows an email client interface. On the left is a list of emails with columns for checkboxes, star icons, sender names, and subject lines. On the right is a 'New Message' composition window. The 'To' field in this window contains a list of email addresses, each enclosed in a yellow box. A blue arrow points to the address '13110166@student.unika.ac.id'. A black text box with white text is overlaid on the bottom right of the composition window, containing the following text:

Paste alamat email di tujuan email
Seperti pada gambar diatas

At the bottom of the composition window, there is a 'Send' button and a toolbar with icons for text formatting, attachments, images, links, and emojis. The bottom of the email list is also visible, showing a 'New Message' button and a 'SUPERVISOR' subject line.
